Reports to	SESB1 General Manager
Location	Any location in Australia Is the location negotiable or can the position be undertaken remotely? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <i>The department supports flexible working arrangements and staff can apply to work a mix of hours from home and office locations each week.</i>
About the team	<p>In the Liquid Fuels Branch you will work on reforms which will improve Australia's fuel security, prepare us to meet the challenges of the energy transition, and improve the quality of Australia's fuel to achieve better health and environmental outcomes and facilitate new vehicle technologies.</p> <p>The Branch is in the process of setting up new regulatory functions and improving and streamlining existing regulatory functions, while continuing to deliver on the Australian Government's fuel security package and existing legislative frameworks. Alongside this, the Branch is building our analytical and policy advice role in relation to the fuel market, fuel security and fuel quality in the context of a changing global energy system.</p> <p>Applicants should be aware that this role is in a function affected by Machinery of Government changes. This means that while initially, you will undertake work as a Department of Industry, Science and Resources employee, the position may later be moved to the newly established Department of Climate Change, Energy, the Environment and Water (DCCEEW). More specific guidance on this will be provided to the successful applicant, prior to finalising the selection.</p>
About the role	<p>You will be developing policy advice to government on Australia's domestic fuel security in the context of changing global and domestic energy markets. This includes:</p> <ul style="list-style-type: none">• Considering the implications of emerging technologies for Australia's fuel security

Australian Government

Department of Industry, Science and Resources

	<ul style="list-style-type: none">• Building the Branch as a trusted source of authority for government and industry on trends and emerging risks for security in the fuel market• Monitoring the effect of government regulation on market operations• Building strong relationships with other government agencies and with industry.
Our ideal candidate	<p>Our ideal candidates will have a demonstrated capacity and capability to:</p> <ul style="list-style-type: none">• make balanced decisions using professional judgement, evaluating ambiguous and incomplete information, factoring in risks and being sensitive to the context• analyse complex data and information from a range of sources to formulate clear advice• communicate effectively with a range of audiences in different forums• influence outcomes through strategic communication, with sensitivity to audience and context• develop and manage key strategic relationships, including engaging with stakeholders through change, resolving conflict and managing sensitivities.
Eligibility	<p>To be eligible for employment in the APS and the department, applicants must be Australian Citizens.</p> <p>The filling of this vacancy is intended to constitute an affirmative measure under Section 33 of the Australian Public Service Commissioner's Directions 2022. This vacancy is open only to people with disability.</p> <p>Successful applicants are required to provide evidence to confirm they are a person with disability.
